Physician Assistants Opportunity

The Johns Hopkins Department of Orthopaedic Surgery is seeking full-time Physician Assistants to support our Faculty in Orthopaedic Surgery's Sports Medicine Division, emergency room and inpatient areas. Responsibilities include patient assessment, medical histories, physical examinations, ordering diagnostic tests, assisting in the O.R., providing follow-up care in clinics and via telephone, and patient education. Requirements include current license to practice, completion of a certified Physician Assistant's program, excellent clinical, organizational and communication skills. Previous orthopaedic surgery experience is beneficial.

Interested candidates may send their CV to:
