

## HOTEL ACCOMODATIONS

Johns Hopkins maintains relationships with many local hotels and motels. Discount rates are available for our patients, friends, visitors and course participants.

For a list of recommendations with information about each hotel or motel please refer to the webpage: <http://www.hopkinshospital.org/patients/hotels.html>.

Rates range from \$60 to \$300 per night. Some hotels include breakfast and shuttles to and from the Johns Hopkins Campus.

## AIR, TRAIN, & GROUND TRAVEL

**Baltimore Washington International Airport (BWI)** is located approximately 20 minutes from downtown Baltimore. Super Shuttle (van) service is available at the airport. Super Shuttle to downtown: \$11.  
**Super Shuttle: 1.800.258.3826.**

**Taxicabs** to/from the airport cost approximately \$25 each way to downtown.

**Amtrak** trains run 7 days a week, connecting Baltimore to major cities in the Northeast. The train station is about 15 minutes from downtown, and a cab to downtown costs approximately \$10 one-way.

**Onsite parking** is available at the Johns Hopkins Outpatient Center McElderry Street Garage: \$10. per day.

Please make checks payable to: **Johns Hopkins University.**

We look forward to seeing you!

## COURSE TOPICS Sometimes details can change

**Adult Bone Lesions**  
**Destructive Lesions in the Young Patient**  
**Characteristic & Surface Lesions**  
**Lesions of the Tibia, Hands & Feet, Spine, Sacrum**  
**Soft Tissue Tumors**  
**Spine Anatomy & Biomechanics**  
**Cervical Trauma & Degenerative Disease**  
**Thoracic/Lumbar Trauma & Degenerative Disease**  
**Spinal Cord Injury**  
**Spine SAE/OITE Questions Analysis**  
**Basic Science: Bone, Cartilage & Nerve**  
**Common Hand Problems**  
**Hand & Wrist Trauma**  
**Carpal Instability/Perilunate Dislocations**  
**Congenital Differences of the Upper Extremity**  
**Flexor/Extensor Tendon Injuries**  
**Arthritis of the Hand/Wrist**  
**Pediatric Spine Disorders**  
**Pediatric Orthopaedic Infections**  
**Pediatric Upper & Lower Extremity Fractures**  
**SCFE, LCPD, Transient Synovitis**  
**Pediatric Foot Disorders**  
**Cerebral Palsy, JRA, Lyme Disease**  
**Meniscus, ACL, PCL, Collateral Ligaments**  
**Osteochondral Injuries**  
**Patellofemoral Disorders**  
**Misc Lower Extremity**  
**Elbow Injuries in Sports**  
**SLAP & Biceps, Rotator Cuff Disease**  
**Shoulder Instability**  
**Clavicle, AC & SC Joints**  
**Misc Upper Extremity**  
**Foot & Ankle Trauma & Arthritis**  
**Neurologic Disorders of the Foot**  
**Tendon Disorders**  
**Hallux Valgus, 1st Ray, Lesser Toe Disorders**  
**Diabetic Foot/ Amputations**  
**Gait & Biomechanics**  
**Osteotomies of Hip & Pelvis**  
**Total Knee Arthroplasty**  
**Total Hip Arthroplasty**  
**Arthroplasty Infections**

## 2009 RESIDENT REVIEW COURSE

**JUNE 8-12 5 DAYS**  
**One week before Board Exam**

**Pathology**  
**Basic Science**  
**Spine**  
**Hand**  
**Foot / Ankle**  
**Pediatric Orthopaedics**  
**Sports Orthopaedics**  
**Adult Reconstruction**

**TUITION covers Course Materials,**  
**Activities & Featured Meals**

**JUNE 8-12** **5 Days**  
**M, T,W,Th, Fri** **Tuition: \$695**

## COURSE MATERIALS, ACTIVITIES & FEATURED MEALS

Handouts with illustrations for all topics  
Special Lecture on "How to Study for the Boards"  
Common Test Questions  
Mock Exams  
Breakfast, Lunch & Break Refreshments  
One Working Dinner On-Site with faculty  
2nd Working Dinner Off-Site with faculty

## TYPICAL SCHEDULE - (Not Final)

7:00 - 7:30 am	Continental Breakfast
7:30 - 10:00	Lectures, Pre & Post Tests
10:00 - 10:30	Refreshment Break
10:30 - 12:00	Lectures, Pre & Post Tests
12:00 - 1:00 pm	Lunch
1:30 - 3:00	Lectures, Pre & Post Tests
3:30 - 4:00	Refreshment Break
4:00 - 6:30	Lectures, Pre & Post Tests

## COURSE OVERVIEW

This course is designed to provide an intense overview of clinical Orthopaedic surgery especially for residents intending to take Part 1 of the Orthopaedic Board Exam, or the Orthopaedic In-Training Examination (OITE).

The sessions will be conducted by faculty in Orthopaedic Surgery at Johns Hopkins who have significant experience teaching in fellowship and residency programs, and preparing residents for the orthopaedic board examination.

## COURSE OBJECTIVES

Following this program, the participant should be able to:

- 1) Evaluate & recognize bone and soft tissue tumors.
- 2) Demonstrate knowledge of Basic Science concepts.
- 3) Evaluate & manage pathology of the spine.
- 4) Evaluate & manage pathology of the hand.
- 5) Evaluate & manage common pediatric problems.
- 6) Evaluate & manage simple & complex foot/ankle problems.
- 7) Evaluate & manage adult hip/knee problems.
- 8) Evaluate & manage orthopaedic sports problems.

## COURSE LOCATION

**Johns Hopkins Medical Campus**  
**Johns Hopkins Outpatient Center**  
**Dept of Orthopaedic Surgery, Education Center**  
**5th floor, #5152**  
**601 North Caroline Street**  
**Baltimore, MD, 21287.**
